

Chartwell Consultants Ltd. is a North Vancouver based consulting firm specializing in services and solutions for the resource sector. With closely integrated Forestry, Engineering and GIS departments, Chartwell has a diverse client base and a reputation for quality and service. Our Head Office is located in North Vancouver, with additional offices in Chilliwack, Gibsons and Squamish.

Resource Road and Bridge Engineer:

Overview:

We are currently seeking to add an energetic and innovative person to carry out field inspections, site plan survey work, and design and construction supervision for resource bridge and road projects. The successful candidate will be part of a diverse team of registered professionals that provide services across multiple sectors. This position will report to our head office in North Vancouver, with flexibility in terms of where the applicant may choose to be located. Travel within the province is a requirement of the position.

Primary Responsibilities for this position will include, but are not limited to:

- Bridge Inspections and Structural Analysis
- Field Topographic Surveys and Design
- Construction Supervision
- Project Management and Contract Administration
- Preparation of engineered drawings and reports

Qualifications and Requirements:

- Registered or eligible for registration with EGBC and/or ABCFP
- Engineering or Technology Degree with minimum 3 years experience
- Resource road and bridge design experience
- Excellent attention to detail with a focus on high quality deliverables
- Familiarity/experience with AutoCAD drafting and design
- Sound knowledge of structural principles as applied to bridges
- Willingness to work in remote locations in all weather conditions
- Topographic survey experience using a Total Station and/or RTK GPS is considered an asset
- Strong organizational skills with the ability to adapt to changing client priorities

Additional Information and application:

Chartwell Consultants Ltd. offers a competitive salary and a comprehensive benefits package in addition to bi-annual company profit-sharing. Compensation will be commensurate with experience and ability.

Applications will be accepted until the position is filled. To apply, please forward a resume with a cover letter to engineering@ccl.ca.

We thank all applicants for their interest; however, only those selected for an interview will be contacted.
