

Chartwell Consultants Ltd. is a consulting firm specializing in services and solutions for the resource sector. Our strengths are derived from a wide range of specialized service offerings across the company, including Professional Engineering, Professional Forestry and GIS Mapping/Technology development. Chartwell has a close-knit team, a diverse client base and a reputation for outstanding quality and service. Our Head Office is located in North Vancouver, with additional offices in Chilliwack, Gibsons and Squamish.

Overview:

Chartwell Consultants Ltd. is looking for outstanding individuals to join our team of Professionals servicing the Natural Resource Sector. Our mission is to provide the highest calibre of service to meet the needs of our clients, and we are only as good as the people on our team. We are looking for a full-time, permanent **CIVIL TECHNOLOGIST OR JUNIOR PROFESSIONAL ENGINEER (P.ENG)** who is motivated, positive and dependable to join our team of EGBC and ABCFP accredited members. This position will report to our head office in North Vancouver, with consideration given to candidates located elsewhere.

What We Offer:

- A diverse range of work with a multitude of clients
- A professional, enjoyable and safety-oriented work environment
- A competitive salary commensurate with education, experience and ability
- A comprehensive benefits package along with a bonus program and annual equipment allowance
- A flexible schedule with a 40 – 45 hour work week
- Opportunities to grow and build your career in an environment that recognises talent and provides mentorship from senior staff

Job Description:

Primary responsibilities would include:

- Resource road and conceptual bridge designs using AutoCAD Civil 3D
- Bridge and structure inspections, including load ratings
- Site surveys using both a Total Station and RTK GPS
- Hydrology and hydraulic analysis for crossings
- Construction supervision and project management
- Collaborate with multi-disciplinary teams of registered professionals

Mandatory Qualifications:

- A recognized degree in Engineering or equivalent education and experience
- Registered or eligible for registration with either the ASTTBC or EGBC
- Minimum two years of professional experience within the province of BC
- Working knowledge of AutoCAD Civil 3D (surfaces, alignments, grading tools, etc.)
- Excellent command of the English language, both oral and written
- Able to travel within the Province (typically up to 5 days at a time)
- A valid Class 5 BC Drivers Licence
- Physically fit and interested in working in remote areas and on active construction sites in all weather conditions

Application:

If you are interested in working with us, please forward your resume with cover letter to Engineering@ccl.ca. Applications will be accepted until the position is filled. We look forward to hearing from you!
